To: Authentication and Authorization Infrastructure Operational Committee (AAIOC) for the IT Center

Application for the integration of a new service provider into the AAI infrastructure of AUTh

Applicant details

Name: _____

Capacity: _____

Organization/Department/Unit: _____

Phone: _____

email: _____

I am requesting for the release of attributes from the AAI infrastructure of AUTh to the service provider with the distinct name (entityId) (e.g. "https://sp.grnet.gr/shibboleth"):

_____

The entityId must match the service provider's metadata URL, e.g. "https://sp.auth.gr/metadata"

Purpose/use of the service provider (i*t must be documented that the service provider will be used for academic purposes*)**:**

_____

Target Audience[1]:_____

Personal details of the service provider technical administrator:

Name: _____

Phone: _____

email: _____

Please, approve the release of the following attributes from the institutional IDP to the new service provider:

s/n	Attribute[2]	Purpose of use	IT Center proposal to AAIOC [3]

(In case of requesting more attributes, you can use the 2nd page)

I declare that I unconditionally accept the terms of use of the service, as described on https://it.auth.gr/el/aai-terms (currently only in greek)

Inactive Members (retired, alumni, etc), that keep their institutional account forever, will not be able to have access, since the service requires an active member of AUTh

Applicant Signature:_____ IT Center Officer Signature:_____

---

[1] *e.g. total or partial categories of AUTh members (faculty, students), specific School or Faculty or a combination*

[2] *The available attributes are described on the webpage: https://it.auth.gr/el/aai-attributes*

[3] *To be completed by the IT Center*

s/n	Attribute	Purpose of use	*IT Center proposal to AAIOC [4]*

Applicant Signature:_____ **IT Center Officer Signature:**_____
